Application Flow Chart

Number of Applicants to Be Admitted

- Approximately twelve (12) students are admitted to the programme each year.
 - For the 2020 academic year enrolment, the top 4 students selected through the procedure will be recommended to the Japanese Government (MEXT) as scholarship student candidates.
 - A student selected through the procedure will be considered to receive a scholarship from the Asian Development Bank-Japan Scholarship Program. There are additional requirements to be eligible for the scholarship other than those for applying to our Master's Programme. Please refer to the link below.
<https://www.adb.org/site/careers/japan-scholarship-program/main>
 - All other successful applicants need to be privately funded or apply for scholarships by themselves. (Please also see page 11, "Scholarships".)

Eligibility

- Applicants must satisfy one of the following criteria: 1) The applicant has graduated from university at the time of his or her application, or is expected to graduate from university before his or her enrolment to the programme. 2) The applicant is recognised by the Graduate School of Economics to possess an academic ability that is equivalent or superior to those who meet the first qualification, and is at least 22 years old by the day before his or her enrolment to the programme [in case 2) please make sure to mention specific details of your educational background and the institutions you attended].
 - Applicants who have or will have a bachelor's degree in a field other than economics or management are eligible to apply for our Master's Programme. There is no particular requirement regarding an applicant's field of undergraduate study.
 - Those who have already graduated from a university and are currently working or retired can also apply for our Programme. We are pleased to receive applications from applicants of any background.

Steps for Application (see "Application Flow Chart")

- All procedures will be conducted in English.

Pre-Application: AAO Screening Process [For Applicants who are enrolled or were enrolled at universities outside Japan]

- Please access the following website of the Admissions Assistance Office (AAO) and take the screening process. For the AAO application, please use the name "Dr. Ai Hisano" for your prospective supervisor (Note: This does not mean that you have to name Dr. Ai Hisano as your preferred supervisor in the actual Application Form in the next step of the application process).
https://www.kyoto-u.ac.jp/en/education-campus/education_and_admissions/graduate-degree-programs/for_graduates_of_overseas_universities/for_graduates_of_overseas_universities.html
- It is not necessary to submit a Statement of Purpose to AAO, since applicants will submit a Research Proposal to the EA Programme Committee. Applicants may attach an empty Word file instead in order to proceed to the next step.

- It commonly takes a few weeks before we receive feedback from AAO. You should begin the AAO procedure at least two weeks before the deadline for the application submission via e-mail.

STEP1-1: Submission of Application Documents via E-mail (Initial Screening)

- The application period for the preliminary round is [from 1st to 20th November 2019](#). Please note that we do not accept applications submitted after the deadline: [20th November 2019 \[Japan Time or UTC+9:00\]](#).
- The digital version of the application documents (except for the letter of recommendation) must be sent to the Programme Committee's e-mail address ([eac-admission \[at\] econ.kyoto-u.ac.jp](mailto:eac-admission@econ.kyoto-u.ac.jp)). Applicants do NOT need to send a hard copy of other documents via postal mail at this stage. A letter of recommendation must arrive to the Programme Committee via postal mail by the deadline.
- Applicants must send all application documents in PDF format and send them all at once in a single ZIP folder (except for the letter of recommendation).

■ Application Documents:

1. Application Form

Please download and use the prescribed forms from our website:
<http://www.econ.kyoto-u.ac.jp/kueac/application/masters/>

2. Curriculum Vitae

There is no specific format, but please prepare it in English.

3. Reasons for Application, Research Proposal at Kyoto University, and Plan after Completion

Please write in English. The total number of pages must be five (5) A4 pages including three (3) A4 pages (around 1,500 words long excluding references) for the research proposal. There is no specific requirement on the format, but it must be well structured according to a standard academic style (for example, it should include the background of research, research objectives, literature review, research questions, methodology, expected results and implications, and a reference list).

Applicants are not required to contact their prospective supervisors prior to application submission. After the application submission, their prospective supervisors may ask some applicants to revise their research proposals. Unless prospective supervisors advise their applicants, the applicants may not change their research proposals or research themes.

4. Academic Transcript(s) of your undergraduate study, and graduate programme (if applicable)

Those who have already completed a graduate programme are required to submit all of their transcripts, including the academic transcript(s) of undergraduate study. Those who are currently enrolled in a graduate programme are required to submit all available transcripts to date.

- * The transcript(s) must include an issue date.

- * If the original transcript is in a language other than Japanese or English, a certified English translation must be attached.
5. Certificate(s) of graduation from the institute(s) previously attended
- For those who are currently attending a university, please include a certificate of expected graduation.
- * The certificate(s) must include an issue date.
 - * If the original certificate is in a language other than English or Japanese, a certified English translation must be attached.
 - * This should be an official certificate issued by your university for the purpose of certifying your graduation toward an external party. It is different from a copy of the diploma you received at the time of graduation.
6. Official Notice of TOEFL or IELTS score
- Applicants whose first language is not English are required to submit an official notice of a TOEFL or IELTS score taken within a period of two years prior to the application deadline.
- * TOEFL ITP (Institutional Testing Program) is not accepted.
 - * A Test Taker Report or a screenshot of the online result is not accepted.
 - * TOEFL or IELTS scores are not usually required for those who completed their bachelor's degree in one of the following countries: Australia, Ireland, Canada (except those attended universities in Quebec), New Zealand, the United Kingdom and the United States of America. However, applicants are still strongly recommended to submit TOEFL or IELTS scores. Please note that this exception does not usually apply to the country in which you completed your Master's degree.
 - * Applicants who completed their bachelor's degree in one of the countries mentioned above having transferred from universities in other countries also need to submit TOEFL or IELTS scores.
 - * Applicants who have completed or will complete their bachelor degree in an English taught programme in countries such as India, Malaysia, Singapore, and The Philippines may submit a certification issued by their universities that validates the programme was conducted in English instead of their TOEFL or IELTS scores. However, applicants are strongly recommended to submit TOEFL or IELTS scores.
 - * There may be some exceptional cases where we waive the requirement to submit a TOEFL or IELTS score. Please contact the Programme Committee for more details, outlining why you think your case should be considered as such an exception.
 - * Applicants who passed the initial screening will be requested to submit the original score report (STEP 4). They may request that test administering organizations send their scores directly to Kyoto University (we do not accept a test taker report). For sending TOEFL score from ETS, the institution code of Kyoto University is 9501. These procedures might take some time, and thus if the applicant decides to send his/hers score directly from the test administering organization to Kyoto University, we recommend that he/she prepares for this in advance and also informs the Programme Committee.

7. Reference paper such as a graduation thesis or an equivalent paper

There is no limit on the total number of pages. If the paper is written in a language other than English, a translated summary in English must be attached.

If an applicant cannot complete his/her graduation thesis before the deadline of the application submission, he/she can submit an essay as a substitute.

In principle, a joint paper is not appropriate; however, if the joint paper is the only one that the applicant can submit, the following two requirements have to be fulfilled:

- i) that clear indication of the parts where the applicant contributed in the joint paper is given.
- ii) that a letter from the supervisor or co-author is attached which certifies the contribution of the applicant to the joint paper.

8. A Letter of recommendation from an applicant's supervisor, the dean, or the head of the institute attended

The letter must be written within six months prior to the application.

The letter should contain: a letterhead of your university [institution], the writer's signature by hand (a digital signature is not accepted), the writer's affiliation and contact information, and remarks on your academic performance such as achievement, accomplishment, and attitude.

The letter must be in a signed and sealed envelope and sent directly from the writer to the Programme Committee. "For EAP Application" should be written in red ink on the front of the envelope.

The letter must reach the Programme Committee no later than 20th November 2019. The postal address is as follows:

Student Affairs Office
Graduate School of Economics, Kyoto University
Yoshida Honmachi, Sakyo-ku, Kyoto 606-8501, JAPAN
TEL: +81-(0)75-753-3406

If applicants do not have an academic supervisor, they should try to find a faculty member or a staff member of their institution who can write a recommendation letter. If the applicant graduated from a university a long time ago and has difficulty in contacting professors, we may also accept a letter of recommendation written by a non-academic person (e.g. someone in their workplace in a more senior role).

However, please note that a recommendation by a non-academic person is not as highly regarded as a certification for an applicant's academic credentials.

9. Evidence of payment of examination fee

Applicants who pay the examination fee by bank transfer should include the bank remittance form with their application documents, and those who pay the fee by credit card should include the certificate of payment with their application documents.

10. Copy of your Valid Passport

Please send a copy of the page in your passport which shows your photo and passport number. The passport must be valid at the time of your application. If you do not have a valid passport, please contact the Programme Committee.
